

Catholic Identity: Learning and Living Our Faith in Catholic Schools Course

Sadlier's legacy of supporting Catholic schools now includes an exciting new professional learning course. This course incorporates critical concepts found in the *Catechism of the Catholic Church* and NCEA's *National Standards and Benchmarks for Effective Catholic Elementary and Secondary Schools* (NSBECS), and presents practical ways for teachers and catechists to enhance Catholic identity in their schools and community.

This course is composed of four 90-minute modules representing the key dimensions of Catholic Dignity—**Human Dimension, Liturgical Dimension, Moral Dimension, Spiritual Dimension**—and includes a three-step instructional approach: *Called, Formed, Sent*. Delivered in person, on demand, or virtually, it can be used to introduce new teachers to Catholic identity concepts or as a refresher for experienced educators and teachers.

Enhance Catholic identity in your community by:

- **Providing a foundational understanding** within the categories (or dimensions) of *Belief, Worship, Love of Neighbor, and Prayer*
- **Preparing faculty and staff** to provide a more intentional witness of faith
- **Gaining a deeper appreciation** of the wisdom of Sacred Scripture and Catholic teaching and how it can be applied in Catholic school communities
- **Learning practical faith applications** in classrooms with case studies and exercises
- **Growing in an increased sense of community** among school faculty and staff
