

# From Phonics to Reading™

## Streamline Assessment and Inform Instruction!

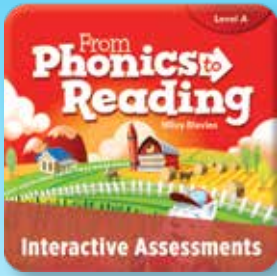

Interactive Assessments  
Grades K-3

Now includes a  
Comprehensive  
Spelling Survey and  
Phonemic Awareness  
Assessments!

**Wiley Blevins**, author and early literacy expert, takes a fresh approach to the Science of Reading with Interactive Assessments that support teachers in monitoring students' progress toward mastery.

# Monitor Students' Progress toward Mastery with Interactive Assessments!

**NEW! Interactive Assessments\*** for Grades K-3 are diagnostic, formative, and benchmark/summative assessments that support teachers in monitoring students' progress toward mastery. Students record their responses online and teachers score them in real time or asynchronously on *Sadlier Connect™*.

These regular, systematic interactive assessments:

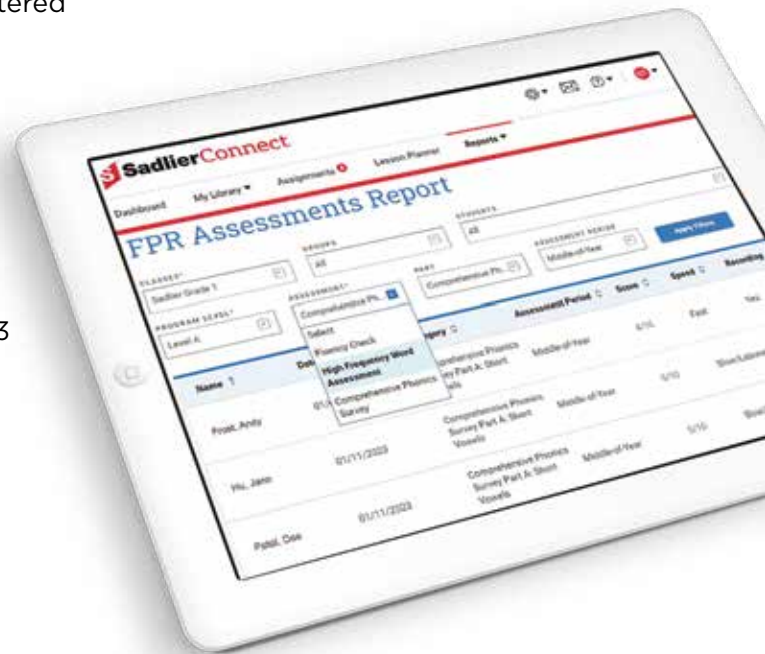

- Save time with teacher-administered and self-guided student administration options with and without audio recording
- Eliminate the manual grading process, making it easier and more efficient to report on accuracy, fluency, and speed
- Monitor student progress and aid in differentiated instruction with informative reports

## Measure Growth and Track Progress

To get a full picture of a student's growing foundational skills (including phonics), multiple tools must be used. These include a comprehensive assessment and frequently administered cumulative assessments.

- **NEW!** Comprehensive Spelling Survey
- **NEW!** Phonemic Awareness assessments!

## Administer and Score in Multiple Ways

There are three easy ways to administer and score each assessment:

### 1. Self Guided

- Teachers assign and administer a digital assessment.
- Students record and submit their responses on a device with a microphone and an Internet connection.
- Teachers listen to students' recordings and score the assessment online on [SadlierConnect.com](https://www.SadlierConnect.com) at any convenient time.

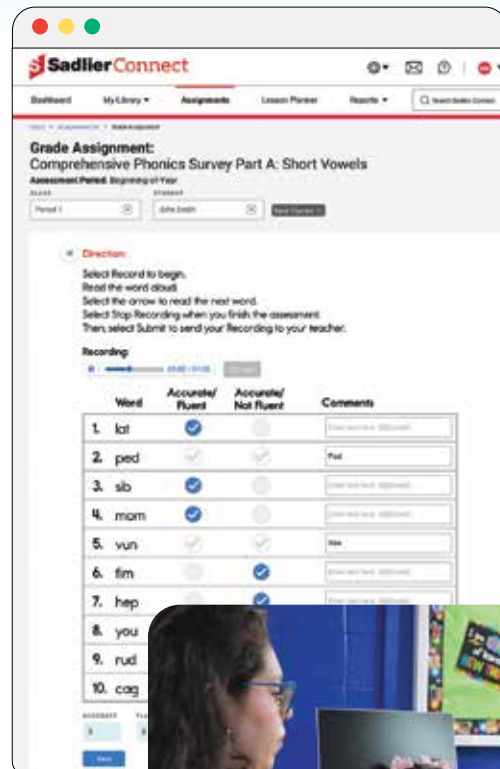

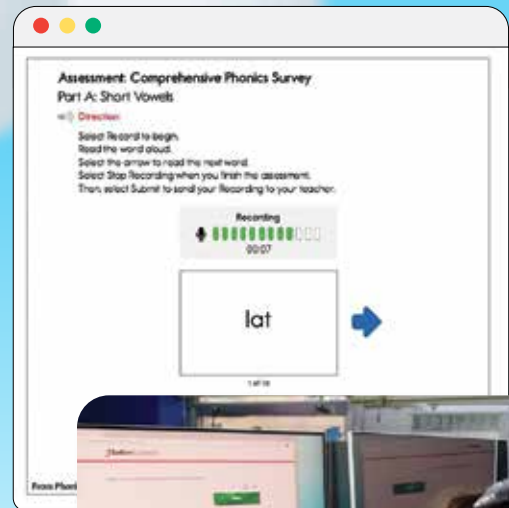

### 2. Teacher Administered with Student Recording Option

- Teachers assign and administer a digital assessment.
- Students record and submit their responses on a device with a microphone and an Internet connection.
- Teachers score the assessment online on [SadlierConnect.com](https://www.SadlierConnect.com) in real time or at any other time.

### 3. Teacher Administered without Student Recording Option

- Teachers assign and administer an assessment offline (paper-pencil).
- Teachers score the assessment online in real time or transfer paper and pencil assessment scores/notes to [SadlierConnect.com](https://www.SadlierConnect.com) at any time.

The Interactive Assessments for Grades K-3 can be purchased as a stand-alone product to address assessment needs for every classroom or with *From Phonics to Reading*™.
