Build Foundational Skills

Build foundational literacy skills with *From Phonics to Reading* by Wiley Blevins. It's based on his research-based book, *A Fresh Look at Phonics* and verified as high-quality instructional material by EdReports' independent evidence-based review, receiving **"Meets Expectations"**!

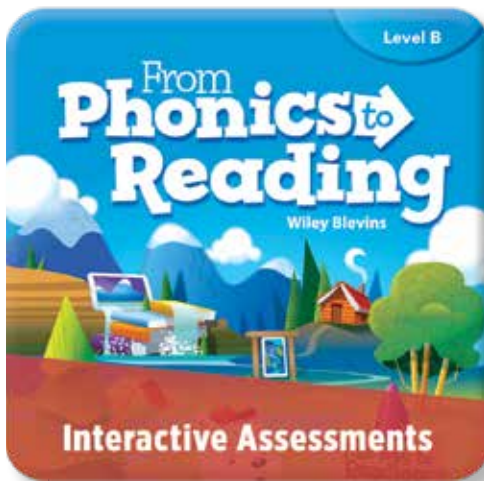

Implement a scope and sequence that is systematic, explicit, and research based with a built-in review and repetition cycle aligned to the Science of Reading.

Follow the Gradual Release of Responsibility model with support from the Teacher's Edition, Student Edition, and robust digital resources.

Utilize decodable texts that enable students to apply phonics skills immediately to reading and writing.

Provide encoding-focused activities including dictation, word building, word sorts, and writing about decodable texts.

Monitor students' progress and measure acquisition of grade-level skills using the benchmark/summative and formative assessments.

“Assessments are linked directly to lesson content for foundational skills.”

–Wiley Blevins

Streamline Your Assessment

Get a complete picture of a student’s growing foundational skills with routinely administered interactive assessments.

Save time with teacher-administered and self-guided student administration options with and without a student’s audio recording.

Administer diagnostic, formative, and benchmark/summative interactive assessments to monitor students’ progress for accuracy, fluency, and speed.

Score assessments in real time or asynchronously.

Analyze reports to inform differentiated instruction.

Boost Fluency

Boost students' reading and writing skills with the *Fluency Booster Practice Book*. A variety of practice and application opportunities increase students' vocabulary, fluency, and comprehension.

Decodable Texts allow students to apply phonics skills, develop strong reading behaviors, build fluency through repeated reading, grow Tier 2 vocabulary, and increase comprehension.

Writing activities help students transfer phonics skills to writing through authentic activities in response to reading.

Fluency practice accelerates mastery of phonics skills and promotes fluency with cumulative practice using sentence-level repeated reading.

Handwriting instruction and practice (in Level K) fosters handwriting and letter writing fluency, increases letter recognition automaticity, and improves reading skills.

Partner Reading (in Levels B and C) provides opportunities for students to decode texts with a focus on fluency.

"It's in the application
where the learning sticks."
-Wiley Blevins

Encourage Independent Practice

The *From Phonics to Reading* Interactive Practice Bundle is a collection of online student and teacher resources to support the development of students' decoding, encoding/spelling, blending, vocabulary, word awareness, and reading comprehension skills after initial teacher-led instruction.

240 Decodable Texts encourage students to apply newly learned phonics skills to real reading. The Decodable Library helps build decoding skills and allows for differentiation across all levels.

240 Decodable Texts Teacher Lesson Plans support instruction before, during, and after reading decodable texts.

454 Interactive Practice Activities provide additional practice with blending, vocabulary, word awareness, reading comprehension, and encoding/spelling.

Sound (Vowel and Consonant) and **Grapheme Walls** with **93 printable cards** and **46 Articulation Videos** help students properly associate spoken sounds with printed words and match phonemes with graphemes.

Transition Students Seamlessly!

This module-based intervention program develops K-5 students' proficiency in foundational literacy skills. Systematic and explicit instruction with an embedded review and repetition cycle is supported by an easy-to-use Teacher's Edition, corresponding digital resources, and on-demand Professional Development videos for each module. *Building Reading Success* provides:

Flexible implementation models to address various instructional schedules and strategies

Direct instruction of target skills with ample guided practice and application in real reading and writing

Integrated vocabulary and syntax instruction to increase language comprehension

Innovative digital resources, such as an interactive pocket chart with preloaded and customizable instruction options and interactive games for active learning

Interactive assessments to determine placement and measure student progress throughout each module

A transition module (Advancing Reading Success) to preclude decayed learning and ensure student success is maintained

Wiley Blevins Exclusively for Sadlier!

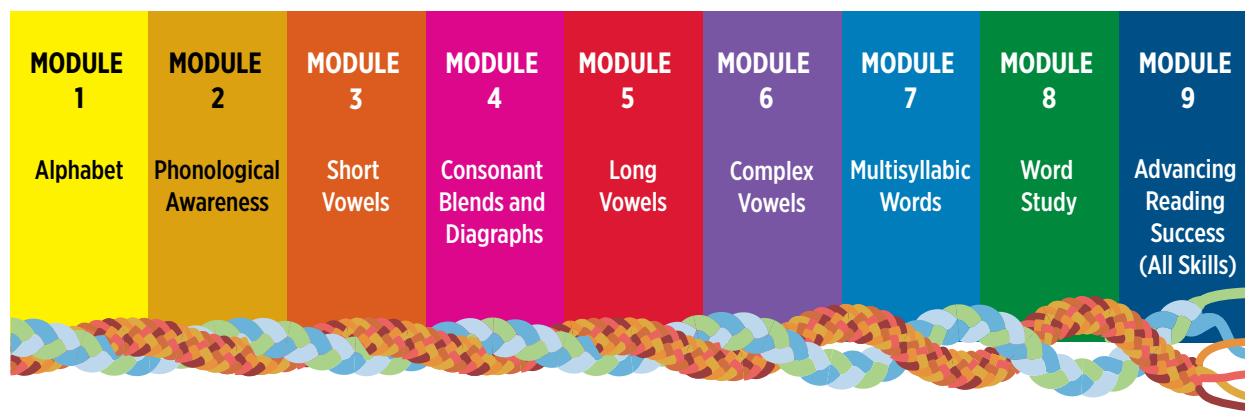

Assess, Diagnose, and Prescribe

The comprehensive assessment system helps teachers:

- Strategically identify students in need of intervention
- Place each student in the appropriate module based on the foundational skills learning progression
- Monitor progress toward reading proficiency with detailed data
- Analyze high-level to item-level data on accuracy, fluency, spelling patterns, and level of mastery
- Determine readiness to exit the program or move to a Tier 3 intervention

Interactive Assessments

Follow a Proven Instructional Design

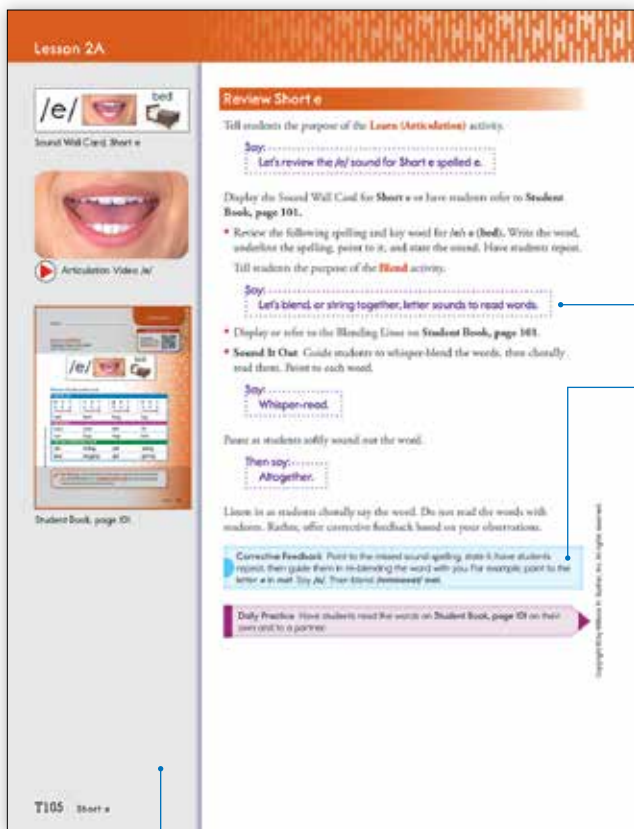

The program is organized into nine modules that follow a logical and systematic scope and sequence to build proficiency in foundational literacy skills.

The instructional routines are representative of the latest Science of Reading research and elements of structured literacy. In addition, Advancing Reading Success, the transitional module, supports students as they move back to full-time whole-group Tier 1 instruction to maintain skills after the intervention is completed.

Easily Implement Instruction

Instruction in the Teacher's Edition promotes explicit teaching and modeling, guided practice supported by using manipulatives and corrective feedback, and focused practice with application to encoding and decoding. Proven strategies, high impact routines, and instructional groupings—small groups or individuals—are used to accelerate student learning.

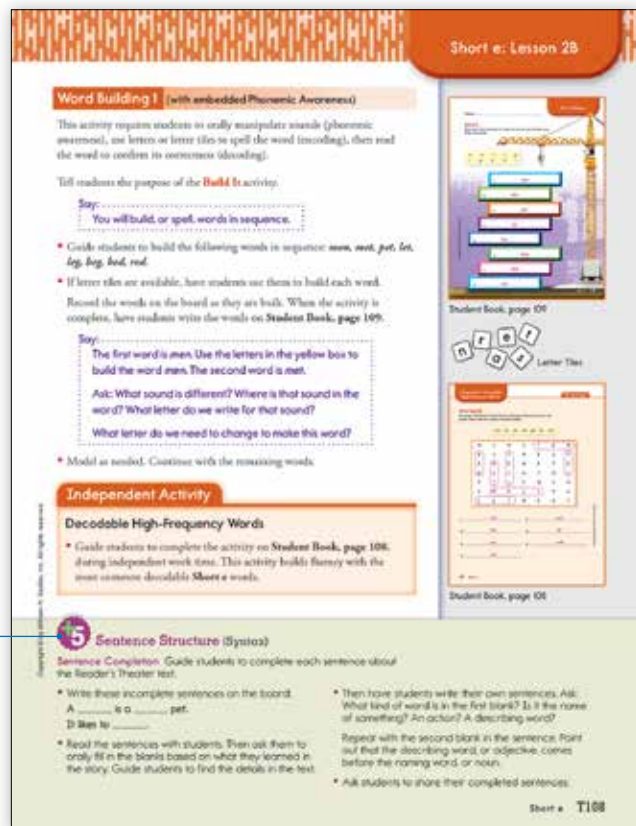

Direct instruction is at point of use.

Corrective feedback is targeted, timely, and specific to aid students in the learning process.

Relevant resources are placed in the sidebars for ease of use and reference.

The program is designed to accommodate a range of implementation models for intervention and can be used with small groups or individuals in 15-, 20-, 30-, or 45-minute sessions.

Each target skill is divided into a series of five lessons and taught with research-based instructional routines such as Blending, Dictation, and application to reading and writing. Vocabulary and grammar instruction is integrated within each Target Skill lesson to increase comprehension and promote effective writing.

Step into the World of Personalized Word Learning

Vocabulary Workshop Adaptive is a unique learning experience through which students build their academic word knowledge. They experience dynamic word encounters through direct, explicit instruction; a choice of engaging activities that empower them to own their learning; and adaptivity that meets their needs.

Employ research-based, best practices for vocabulary instruction while increasing emphasis on priority and Tier 2 words using Marzano's 6-Step Process for building academic vocabulary, the Gradual Release of Responsibility Model, and Self-Determination Theory.

Deliver student-centered learning through placement assessments and personalized learning pathways.

Always know where students are with a suite of tools for differentiation, personalization, and word mastery reports.

Choose from flexible implementation models, whether teacher led or independent study.

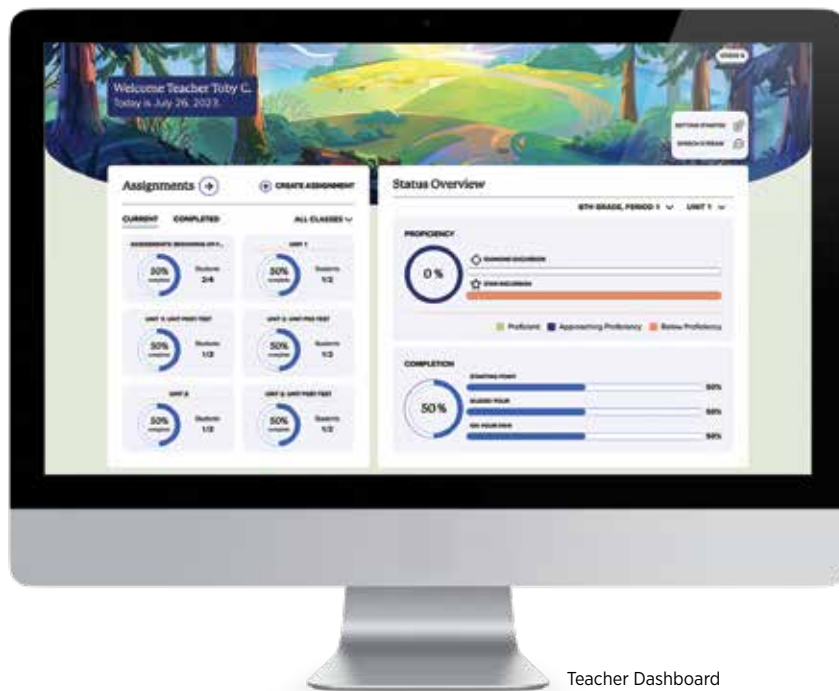

Now Adaptive!

Monitor Progress Along the Journey

The Comprehensive Assessment Plan includes diagnostic, formative, and summative assessments including a Beginning-of-Year assessment for placement, Pre- and Post-tests for each unit to measure growth, and Cumulative tests every 3–4 units to monitor student progress.

Formative data from activities, including the collaborative Word Continuum activity, give teachers insight into the depth of students' word knowledge.

Robust reports with data analytics identify words students have mastered and retained over time, as well as inform pathway placement and differentiation.

Teacher Dashboard

Lead Students on Word Excursions

Based on the outcome of a placement assessment, students are placed on one of two Personal Word Excursions—Diamond or Star. Diamond travelers experience all 20 words during each journey, and the Star travelers experience two sets of 10 words. The same words are taught in both Excursions.

The **Word Lists** are thematically organized, consisting of research-based Priority and Challenge Words, Tier 2 academic words, and words relevant to students' lives.

Student Dashboard

Experience a Research-Based Approach

Students' personal excursions integrate proven instructional approaches to ensure word mastery.

Starting Point begins students' word journeys with direct instruction and opportunities to refine and reflect on their understanding of word meanings in a personalized Word Journal.

- Word groups, based on common themes, are defined with student-friendly explanations. Then, students restate definitions in their own words.
- Instruction continues with a word video. Students draw a picture of the word to help them understand and remember.
- Next, students extend their understanding with word study, contextualization, and multiple meanings activities. They demonstrate understanding by writing sentences using the taught vocabulary words.

Guided Tour leads students through guided practice with a choice of activities, including Examples/Non-Examples and Word Ties, which provide motivational corrective feedback and multiple exposures to words.

On Your Own, independent practice, continues the students' trek as they independently choose activities to demonstrate their deeper understanding in a variety of contexts such as Adaptive Practice and Unit Passages.

Focus on Vocabulary to Build Comprehension

Vocabulary instruction is an integral part of Scarborough's Reading Rope model as it contributes to reading comprehension, word recognition, background knowledge, language development, writing skills, and academic success.

With *Tools for Comprehension*, students engage with research-based, high-utility words, and practice vocabulary strategies that lead to overall academic success.

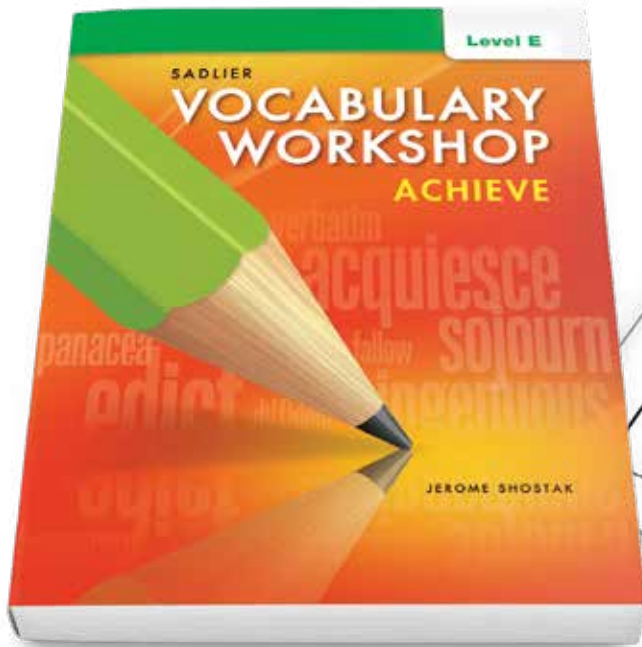

Words in Context passages with audio connect to both unit introductory passages and grade-level grammar instruction.

Greek and Latin Roots activities provide instruction and application that help students use word parts to expand their word knowledge.

Collaboration activities promote a deeper understanding of definitions.

Interactive Online Resources, including games and practice quizzes, engage today's students in dynamic practice and review.

Teach Grammar to Build Writers!

As a key element in the Science of Reading and the Writing Rope, grammar plays a critical role in effective communication and understanding language.

The *Tools for Writing* edition of *Grammar Workshop* prepares students to communicate clearly and correctly while helping to instill a love for writing.

The proven 3-step instructional routine—Learn, Practice, and Write—is carefully paced using the right amount of instruction, making it manageable for students.

Grammar for Writing activities let students practice and apply each unit's grammar skills in the contexts of reading and writing.

The Writing Process Handbook provides instruction for the steps of writing and becomes a reference as students write throughout the year.

Integrated online resources help to strengthen students' understanding of the grammar skills and concepts taught in each lesson.

Excite Students to Write

In the context of the Writing Rope, grammar plays a role in teaching and assessing students' writing abilities. Grammar helps students develop an understanding of sentence structure, syntax, and grammatical conventions.

With the **NEW!** *Grammar for Writing*, students learn to write effectively with strategies for planning, composing, revising, and editing so they become confident writers.

Develop writing skills as students write for different audiences and purposes.

Encourage strategic decision-making for using grammar and language purposefully to communicate ideas and create tone.

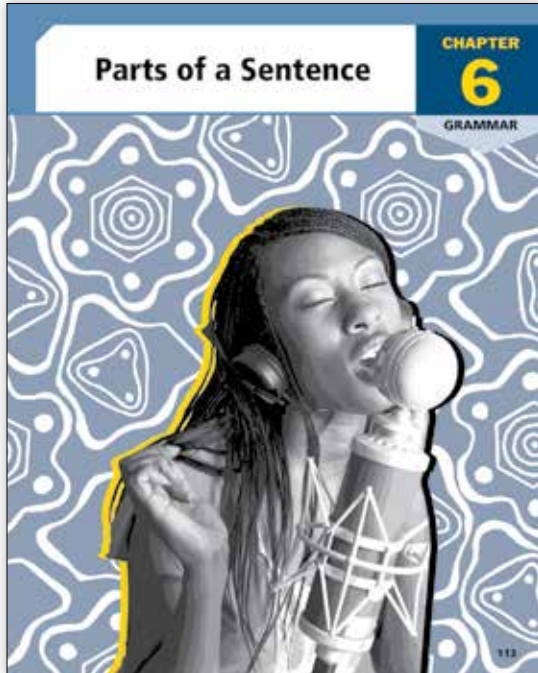

Teach strategies for approaching the writing process for specific tasks.

Provide practice with interactive editing tools and engaging games to reinforce grammar and writing skills.

Interactive Tools!

Check Out What's New!

The **NEW** *Grammar for Writing* helps students see the value and importance of grammar in their lives, motivating them to develop their writing skills, express their thoughts, and produce meaningful pieces of writing.

New engaging, updated design throughout each level.

Capitalization and Spelling

7. mandela went on to become the first democratically elected leader of south africa.

8. In 1993, he received the nobel peace prize.

9. Have you heard of the nelson mandela children's fund?

10. I hope to study more about african history in social studies next year.

EXERCISE 2 Editing an Article
As you read the article below, correct the capitalization errors.

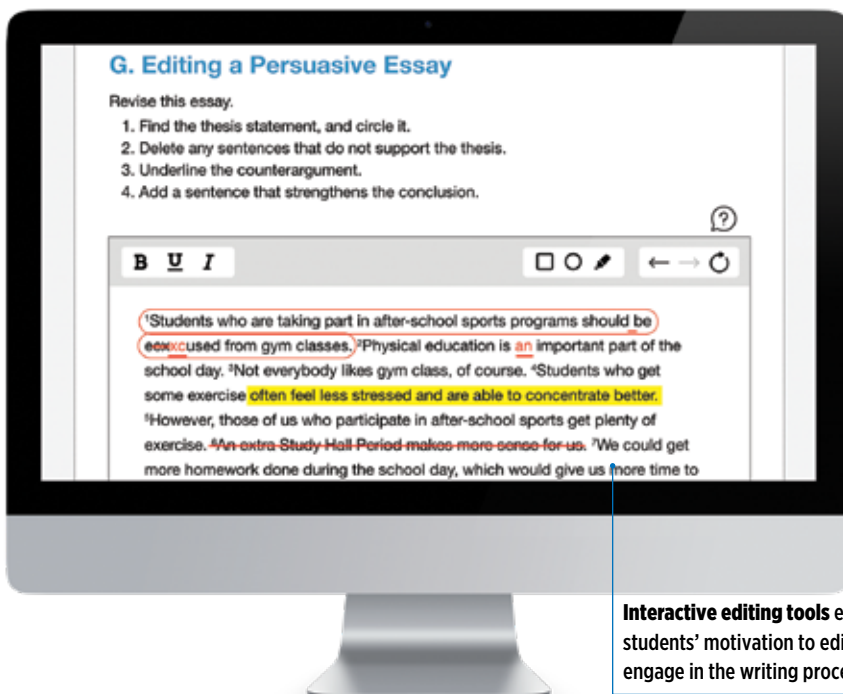

rosa parks, a civil rights activist, died monday, October 24, 2005, in detroit, michigan. She was ninety-two. In the city of Montgomery in Alabama, american-born parks refused to give up her bus seat to a white man in 1955. Her arrest triggered a bus boycott organized by martin luther king and many african american followers. The boycott led to a court ruling that allowed all people to ride and sit where they please on montgomery buses.

Write What You Think
On a separate sheet of paper, answer the question below. Which twenty-first-century hero or heroine do you believe will always be remembered? Why?

1. Write at least five sentences.
2. Include at least two proper nouns and one proper adjective.

268 Chapter 12 • Capitalization and Spelling

Relevant articles, essays, and passages model quality writing on topics of interest to today's students.

Interactive editing tools enhance students' motivation to edit and engage in the writing process.

Other New Features

- **Interactive games (Gr. 6–8)**
Increase student motivation and active participation, while reinforcing newly taught skills.
- * **Interactive practice**
Provide active learning experiences, targeted practice, and a motivating learning environment.
- * **Interactive Tests**
Allow students to interact with questions and content using technology-enhanced items.

Embrace Time-Tested and Reliable Strategies

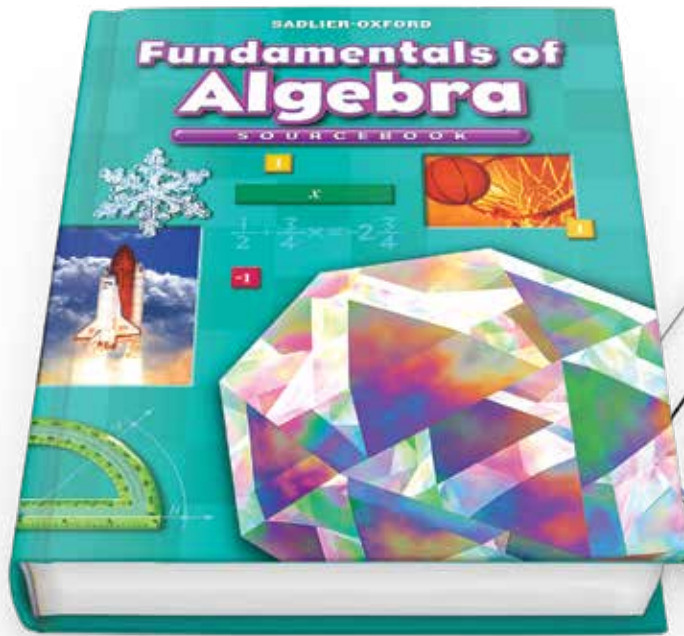

Progress in Mathematics for Grades K-6 has always had the rigor students need to reach mathematical proficiency.

In-depth coverage of grade-specific learning objectives through explicit instruction and real-life problem-solving applications help students make sense of math.

Extensive skills practice that is focused and scaffolded helps students gain a deep understanding of math.

Comprehensive support for teachers, students, and families guides students' mathematical development.

Assessment options in the *Progress in Mathematics Full Access Bundle* assist teachers in evaluating students' skill levels, analyzing data, and adjusting instruction.

Authors Catherine D. LeTourneau,
Edward William Quinn, Alfred S. Posamentier

Give Students the Skills for Algebra and Beyond

Help students in Grades 7-8+ build a stronger and deeper understanding of mathematics and provide them with the necessary skills for Algebra and beyond.

NEW! Robust Item Banks* include 900+ items to build custom assessments for each grade level and help monitor student progress toward lesson learning objectives.

Clear, concise, and explicit instruction is delivered using the Concrete-Pictorial-Abstract approach.

Skills and concepts are developed through real-world and critical-thinking problems embedded in every lesson.

A blend of print and online resources support learning.

Assessment options in the *Progress in Mathematics Full Access Bundle* assist teachers in evaluating students' skill levels, analyzing data, and adjusting instruction.

* Available as part of the *Progress in Mathematics Full Access Bundle*

Reading Complex Texts Doesn't Need to be Complex

We've done the work for you!

Close Reading of Complex Texts provides the texts and questions you need to support instruction in the close reading and critical analysis of complex texts across content areas.

Expertly curated text sets from a variety of disciplines save you time.

Meaningful Focus Questions connect the unit texts to build students' knowledge.

Carefully crafted, Text-Dependent Questions help students to closely and critically read increasingly complex texts.

Unique Getting Started unit provides direct, systematic instruction on "how to" read closely.

SHIPPING

All shipments are sent UPS Ground, FedEx Ground, or freight, according to weight. Allow 1–3 weeks for delivery. Add shipping and handling charges of 12% of the order total price (plus \$5.95 if the order total price is less than \$500.00). Alaska, Hawaii, and Puerto Rico, please call for shipping quotes. There is a 2% handling fee or a \$7.95 minimum handling fee for customers who use their own shipping company.

SALES TAX

Personal orders subject to sales tax. Institutional orders subject to sales tax where applicable. First-time orders from tax-exempt organizations must include a copy of their sales tax exemption certificate.

SOLE SOURCE AND W-9

Sole Source and W-9 downloadable forms are available www.Sadlier.com.

FAX CUSTOMERS

Please label any fax copies of the order as a “confirming order.” Sadlier is not responsible for duplication of a shipment if confirming order is not clearly indicated.

INTERNATIONAL AND U.S. TERRITORIES

Please contact Customer Service via email at customerservice@sadlier.com for an estimated international freight/shipping quote for your order. Please include what you would like to order (ISBNs, title, and quantity), your complete shipping and billing address (including postal code), phone, fax number, and email address. Orders must be paid in advance in U.S. dollars via credit card, check, or wire transfer. Any customs or duty charges are the responsibility of the recipient. Orders where Sadlier has a third-party distributor may be forwarded to the distributor for processing.

EUROPEAN UNION (EU) AND EUROPEAN ECONOMIC AREA (EEA)

Sadlier currently does not directly provide goods and services to educators and schools in the EU or EEA. Your local distributor may carry some Sadlier products. These distributors are solely responsible for any orders you place with them. For a list of distributors, visit www.Sadlier.com/school/sadlier-international-distributors.

DIGITAL ORDERS

All digital orders have an account activation fee. For all orders the activation fee is 5% of the total order. When ordering eBooks, Interactive Editions, Online Assessments, and other digital products, email customerservice@sadlier.com. All digital orders must include a Digital Activation form. Download the Digital Activation form at www.SadlierSchool.com/catalogs.

TECHNICAL SUPPORT

For technical assistance with your Sadlier digital products, including activation, please contact Technical Support at support@sadlierconnect.com or 800-264-8060.

RETURN POLICY

100% Customer Satisfaction Guaranteed! Materials in resalable condition are accepted for return within 60 days of invoice date. A partial return of bundled products for a credit will cause any applicable discount to be voided, and the discounted amount will be deducted from the amount of the credit. For return authorization, please email customerservice@sadlier.com with the sales order number and your complete address, stating titles, quantities, and the reason for the return of the materials. Customers are responsible for the cost of shipping their return materials.

No returns permitted on: Bundles, Tests, Blackline Masters, eBooks, Interactive Editions, Online Assessments, or materials opened in kits or 10-packs.

Stamped or marked books, Teacher's Editions, and Activity Books cannot be returned for credit.
